

TREASURER REPORT 2012

Our Club has successfully been prudent in our club expenditure. We have managed to reduce our club's deficit by about RM15,000 for this financial year.

For the past 3 years, we have increased our Fixed Deposits by RM100,000.00. However, we have not compromised our club maintenance in doing so. We have also implemented online payment system for our members' convenience. This is thanks to our fellow committee members' cooperation and effort.

For this financial year, we will try to streamline our operation needs. We seek your understanding and cooperation.

Meanwhile, Happy Golfing.

MICHAEL TANG
HON. TREASURER
